

Professional Wireless Headset with AI Noise Cancelation

HS-1500BT II

FEATURES

- Includes two types of noise-cancelation technology
 - With Active Noise Canceling (ANC), background noise is reduced so users can hear calls clearly
 - AI powered Environmental Noise Cancelation (ENC) blocks the noise in the user's environment so they are heard clearly on calls
- The AI ENC technology design uses two microphones to eliminate background office and hybrid work sounds, providing clear and noise-free communications for calls
- Convenient soft-touch earcup controls include volume up/down, call button, and multi-function button
- Raise boom mic to mute
- Rotating earcups for convenient storage and travel with an included pouch for both the headset and USB Bluetooth dongle
- 20 hours of battery life
- Functions as a USB headset when connected via USB and BT is disabled
- Charges when connected via USB when using BT mode or USB mode
- Comfortable and lightweight

TYPE

- Stereo headset with ambidextrous boom mic for left/right side use
- Lightweight, ultra-soft padded, over-the-head adjustable headband
- Soft, easy-to-clean bio-leatherette earpads provide enhanced comfort. Closed earpad design lies flat against the ears for a comfortable fit
- Compatible with the AC-204TR and AC-304TR wireless training headsets

The HS-1500BT II Professional Wireless Headset with AI Noise Cancelation is a premium Bluetooth headset designed for professionals with any working style (remote, in-office, or hybrid).

The HS-1500BT II features two types of noise canceling technology: ANC to reduce background noise in the user's environment and AI-powered ENC so powerful it eliminates all background noise in any environment, no matter how noisy, so colleagues and customers won't hear any distractions from the user's environment.

The headset features soft-touch earcup controls for easy volume and call management. Easily mute the headset by raising the ambidextrous boom mic.

The HS-1500BT II offers versatile connectivity, allowing you to connect via USB with the option to disable Bluetooth for a USB-only connection. The headset can also be used while charging, ensuring uninterrupted productivity.

The HS-1500BT II includes the HS-1500BT II headset with rotating earcups, a USB-C Bluetooth dongle that connects to any USB-C enabled computers, USB-C charging cable and pouch that conveniently stores the HS-1500BT II headset, Bluetooth dongle and charging cable.
